> Teacher asks students to get out the personal goal statement they developed on Day 6.

> > up

Teacher arranges students into groups of 4 that were established on Day 7.

Teacher asks dieticians (students) to share eating recommendations with their clients (classmates).

Teacher asks students to compare their goal statements with the dietician's recommendations and to write a summary paragraph addressing these questions:

- x Are your goal and dietician's recommendations the same? different?
- x What explanations can you provide for that results?
- x What is the most important take-away for you as you make food choices?
- x How do eating habits impact your overall wellness and help you to prevent chronic health issues?
