Additional Flexibility:

In 2019-20 (up until August 31, 2020), USDE allows flexibility in the uses of Professional Development:

- LEAs can provide one-time, stand-alone, training to better meet the needs of teachers and students during school closures.
- As an example, districts may use one-time training (as appropriate) to provide instructional staff professional development on remote/distance and online learning skills, strategies, and techniques.
- Currently this flexibility is **not extended** through the 2020-2021 school year.

WHAT HAS NOT CHANGED with Title II-A
